freeboard	18" to 24" (inches)
buoyancy	25 to 35 lbs/sq. ft.
warranty	5 years (expected life 30 years)

• options available

ENGINEERED FOR STRENGTH & STABILITY IN FRESH WATER

The C-200 is a combination of beauty as well as beastly strength. The secret to it's low profile galvanized frame, is a seam welded structural steel channel, and tubing. 5/4" decking is offered in plastic, IPE hardwood or southern yellow pine. An absolutely maintenance free system for the roughest of sites. Install it and forget about it!

ADJUSTABLE CLEAT POSITIONS
