warranty

5 years (life expectancy 40 years)

boat size

up to 120' (feet)

options available

MANY SIZE OF WIDE GRIP AVAILABLE

OPTIONAL SERVICE BAY

MIG WELDED STRUCTURE

ENGINEERED FLEXIBILITY TO ENDURE IN FRESH & SALT WATER

Want flexibility in your slip spacing? The C-300 is not only attractive, but fully adjustable as well! The fingers slide on the main dock siderails to accommodate different beam sizes, as they may occur. Likewise, you can relocate cleats, pile cage, anchor bracket or floats. Inside it's low profile frame, are heavy channels with diagonal bracing for all your commercial loads.
